

FILCOFLEX

SPECIALIST FOR ALL

FLEXIBLE SOLUTIONS

ATAG

SERVING INDUSTRY SINCE 1947

We're originated from Euromanchetten & Compensatoren B.V. in the Netherlands, which is founded in 1981, Filcoflex B.V. was founded in 2008. The name originally means Filtration Compensation and Flexible Solutions. Both companies are managed by 1 family, being a family business since 2004.

WHAT DO WE DO?

We manufacture and design Flexible Connections for Food-, Feed-, Pharmaceutical industries, or any other type of solids-, powder- or pellet-handling, transport and conveying systems such as a; sifter, sieve, fluidbed, bin activator, vibrating gutter, screw conveyor, or pneumatic transport.

This Includes weighing and dosing application for packaging and bulk handling, silo storage, and filling and emptying stations.

WHERE CAN YOU FIND US?

We are represented by a number of resellers and distributors all over the world, please contact us and we will gladly connect you to the right partner. We also answer your questions directly and or help you purchase through our dealer network. Central point is the customer and providing the best and most efficient service to them.
